## INTENDED USE

- Interior timber flooring—residential and light commercial
- Feature steps and platforms
- Raised thresholds

## INSTALLATION & FABRICATION

- Interior use only
- Install by experienced timber flooring contractor
- Allow for acclimatisation and natural movement of solid timber
- Use approved adhesives and vapour barriers where required
- Clean with pH-neutral cleaner only
- Maintain with compatible maintenance oil or refresher

## STANDARD SIZES

Profile	Width (mm)*	Thickness (mm)	Lengths (m)*	Edge
Tongue & Groove	220	Feature beams & posts	0.90-2.50	Micro-bevel

# *Finishes & Textures*

Natural mid-oak colour with gentle warmth, echoing freshly finished French oak without heavy amber or orange.

Pale neutral oak with a soft white oil that reduces yellowing and keeps the timber fresh over time.

Soft neutral oak with muted warmth; a refined greige that reduces contrast and sits comfortably with both warm and cool palettes.

Mid-smoked brown oak with balanced warmth; darker than Naturelle and Sable, but still reading as natural timber rather than blackened.
